

# PRODUCT SPECIFICATION REPORT

Zep X-571 is a concentrated soap and water-based lubricant for use in the brewery, beverage, and food processing industries to clean and lubricate conveyor chain systems even in hard water. Not for use as an incidental food contact lubricant.

## Zep X-571 Conveyor Lubricant

PROD. #4875

### FEATURES/BENEFITS:

Excellent Lubricant and Cleaner	Keeps chains clean and lubricated in hard or soft water while providing outstanding container mobility
Water and Soap-Based Formula	Lubricant will not be affected by beverage or food product spillage
Mild pH	Will not damage product containers or labels
Cost Efficient	Superb cleaning and lubrication at high use dilution rates, up to 1:200
Meets USDA H-2 Criteria	Approved for use in food processing facilities where there is no possibility of the lubricant contacting edible food products

### APPLICATIONS:

Zep X-571, when diluted, may be used as a lubricant and cleaner on equipment and machine parts or in closed systems (e.g., hydraulic systems) in locations in which there is no possibility of the lubricant or lubricated part contacting edible products.

### PARTICULARLY USEFUL IN:

Conveyor chain systems, filling equipment, food service carts, food racks, filling equipment and gears

### SPECIFICATIONS:

Physical Form	Viscous liquid
Color	Amber
Odor	Burnt
pH	9.5-10.5
Boiling Point	100°C (212°F)
Solubility	Soluble in cold and hot water
VOC (Consumer)	1.1% (w/w) 0.0916 lbs/gal
Flammability	Non-combustible
Shelf Life	1 year
D.O.T. Shipping Label	 Irritant (skin and eye)
